THE TALK OF HARTFORD

June 2, 1987

William Burrows
709 DIvision St.
Gloucester City, N.J.
08030

Dear William,

Please excuse the long delay in answering your report . . . my schedule has been very busy lately.

Please consider this letter as verification of your reception of WGAB at 4:33 PM EST on Nov. 15, 1986.

In answer to your questions:

1. Frequency is 1550 KHz,
2. Wattage, 5,400 watts day; 2400 watts night.
3. Hours: 24
4. ABC TalkRadio, Mutual
5. Hartford County
6. Farthest report from Chicago while running 1,000 watts omni.
7. Studio at address below, transmitter at 32 Mucko Rd, Bloomfield
9. Directional with different patterns day and night. Total of six towers. Three used during day, four used at night (one common). Ground system consists of 90,000 feet of #10 copper wire PLUS 5,000 feet of 4" copper strap.
10. Format TALK
11. We receive about two reports a month.

Thanks for your report. Good DX.

Sincerely,

John N. Ramsey
Chief Engineer
